**Matriculation** | District Public School

---

## PROFESSIONAL EXPERIENCE

---

**Data Analyst & Machine Learning Intern** - Elevo Pathways (Remote)-Jul 2025 – Aug 2025

- Cleaned and visualized large datasets to surface actionable insights, directly supporting leadership decisions on operational efficiency.
- Designed and validated 2 predictive models using Scikit-learn, achieving approximately 85% accuracy on test sets.

**AI-Powered Data Analyst Intern** - Excelerate (Remote) Jan 2026 – Feb 2026

- Collected, cleaned, and preprocessed datasets containing 20K+ rows using Python and Excel, preparing data for AI-driven analysis pipelines.

**Founder & Digital Product Seller** - CreatevaStudio (Self-Initiated, Remote)May 2026 – Present

- Founded a digital product business selling Canva templates and printables on e-commerce platforms.
- Applied SEO and Pinterest marketing strategies, generating 2.4K+ impressions and consistent outbound click traffic.

---

## KEY PROJECTS

---

**Olist E-Commerce Analytics** (Python, SQL)

- Performed exploratory data analysis (EDA) on 100K+ records to uncover customer behavior trends and sales patterns.

**RFM Customer Segmentation** (SQL)

- Executed Recency, Frequency, and Monetary (RFM) analysis using SQL to pinpoint high-value customer groups for targeted retention strategies.

**Online Retail Dashboard** (Power BI, SQL)

- Developed an interactive dashboard consolidating sales, customer segments, and regional performance data.

**SQL Sales Performance Dashboard** (*SQL*) Authored optimized SQL queries to monitor KPIs including top-performing products, trend lines, and regional breakdowns with sub-second query response times.

**Data Cleaning & EDA with Pandas** (*Python*)

- Processed and cleaned messy datasets with missing values using Pandas; generated descriptive analytics and visualizations presented to stakeholders.

**ERP Accounting Implementation** (*Odoo*)

- Completed hands-on implementation of customer invoicing, vendor billing, payment processing, and reconciliation workflows within Odoo ERP.

---

## SKILLS

---

Python (Pandas, NumPy, Matplotlib) | SQL | Microsoft Excel | Power B | Dashboard Development | HTML (Basic) | CSS (Basic) | JavaScript (Basic) | PHP (Basic) | WordPress (Theme Customization, Page Building, Plugins) | ERP (Odoo) | Figma | Canva | MS Word | MS Access | Pinterest Marketing | Engagement Analytics | Digital Product Creation | Analytical Thinking | Problem Solving | Team Collaboration | Communication.

---

## CERTIFICATIONS

---

- Microsoft | **Power BI Data Analyst Specialization**
- Certiport | **International Python Programming**
- Microsoft | **Preparing Data for Analysis with Microsoft Excel**
- IBM | **Python for Data Science, AI & Development**
- TATA | **GenAI for Data Analytics**
- Google | **Data, Data Everywhere**
- HackerRank | **SQL (Basic / Fundamentals) — Leaderboard Participant (Coding Contests)**

---

## CO-CURRICULAR ACTIVITIES

---

**Senior Member** | BITS Society, University of the Punjab 2024 – Present

- Coordinated workshops, seminars, and campus events as a senior member of the university's Business & IT Society.
- Collaborated with cross-functional teams to plan and execute large-scale student engagement activities.

**Marketing Volunteer** | Shaukat Khanum Memorial Cancer Hospital — Children Mela — Jan 2026

- Volunteered at the Children Mela event, supporting marketing and outreach activities for one of Pakistan's leading cancer research hospitals.
- Tracked outreach and engagement metrics using Excel; analysis was used to optimize targeting for follow-up awareness campaigns.
