

# Safia Sarfraz

## Data Analyst

Lahore, Pakistan | +92 316 6548617 | safiasarfraz191@gmail.com

LinkedIn: <https://www.linkedin.com/in/safia-sarfraz/> | GitHub: <https://github.com/SafiaSarfraz>

## PROFILE

Detail-oriented Data Analytics and AI/ML Enthusiast with strong foundations in business and information technology. Experienced in building data-driven solutions, conducting statistical analysis, and creating interactive dashboards to drive decision-making. Certified in Google Data Analytics and proficient in Python, SQL, and Excel, with hands-on experience in machine learning and data visualization projects.

## EDUCATION

### Bachelor of Business & Information Technology (BBIT)

Sep 2023-Sep 2027

University of the Punjab – Lahore | CGPA: 3.52/4.0

- Active Senior Member of BITS Society (Business and IT Society), contributing to events, workshops, and peer learning activities.

### Intermediate (Pre-Medical) – Punjab Group of Colleges, Okara

June 2023

### Matriculation – District Public School, Okara

March 2021

## SKILLS

**Data Analytics Tools:** Python (Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn), SQL, Excel

**Data Visualization:** Power BI, Matplotlib, Seaborn

**Machine Learning:** Regression, Classification, EDA

**Business & Tech:** RFM Segmentation, Predictive Analytics, Dashboarding, Business Strategy

**Other Skills:** Accounting, Business Finance, Blockchain Basics, MS Word, MS Access

## PROJECTS

### Email Spam Classifier (Python, NLP)

Built a machine learning model to classify spam vs. non-spam emails using text preprocessing and Naïve Bayes.

### MNIST Digit Recognition (Deep Learning)

Developed a CNN model achieving high accuracy in handwritten digit classification.

### Student Performance Prediction (Regression Models)

Applied linear and polynomial regression to predict student scores based on study hours and external factors.

### Olist E-Commerce Data Analytics (Python, SQL)

Performed EDA on 100k+ records, uncovering customer behavior & sales trends; applied RFM segmentation for insights.

### SQL Sales Performance Dashboard

Designed SQL queries to track KPIs (sales trends, top products, regions) and built an interactive dashboard.

### Excel Sales Dashboard

Created an advanced Excel dashboard showcasing sales performance and business KPIs with pivot tables and charts.

### Titanic Dataset EDA (Python)

Conducted exploratory analysis, data visualization, and survival prediction modeling.Data Cleaning with Pandas (Python)  
Cleaned student data, handled nulls, generated stats, and classified grades.

**CGPA Calculator (C++ OOP)**

Created a console app using classes and functions to calculate CGPA.

**Digital Marketing – Sunsilk (Group Project)**

Researched Sunsilk’s branding and built a digital journal with strategy insights.

**Pizza Online Project**

Identified issues in the online ordering system, daily operations, and customer experience; proposed practical tech-based solutions.

---

**EXPERIENCE**

**Artificial Intelligence Intern**

*Arch Technologies, Islamabad/Remote*

**August 2025 – Present**

- Collaborated on data cleaning and preprocessing to enhance model accuracy.
- Conducted exploratory data analysis to identify trends and insights.
- Created visualizations to communicate findings effectively.

**Data Analyst & Machine Learning Intern**

*Elevo Pathways/Remote*

**July 2025 – Present**

- Conducted data cleaning, preprocessing, and visualization to extract actionable business insights.
- Built predictive models and automated dashboards to enhance decision-making processes.
- Analyzed large datasets to uncover trends, patterns, and correlations.
- Developed and implemented data-driven strategies to improve operational efficiency.

**Student Brand Ambassador**

*Aptitude Migration – Remote*

**Sep 2024 – Jan 2025**

- Promoted international study/migration services through student outreach.
- Conducted awareness sessions and built engagement through events.

**Affiliate Marketing Manager**

*Adsterra – Remote*

**May 2024 – Jun 2024**

- Designed and launched Facebook ad campaigns, increasing link engagement by 40%.
- Created targeted content and improved CTR through A/B testing and timing strategies.

---

**CERTIFICATIONS**

- HackerRank Leaderboard Participant (Coding Contests)
- IBM Certified: Python for Data Science, AI & Development- july 2025
- TATA Certified: GenAI for Data Analytics- july 2025
- Google-Foundation: Data, Data Everywhere
